# CERAMBRICKTECH

within the frame of OCM - the 20<sup>th</sup> Specialized Exhibition of Construction Materials

January 29 – February 1, 2019

Expocentre Fairgrounds | Moscow | Russia

The Russian Association of Ceramic Wall Materials Manufacturers conjointly with Euroexpo Exhibition Company invites you to take part in a special exhibition project «CERAMBRICKTECH – Ceramic Industry Machinery, Equipment, Technology and Raw Materials Show».

The Show will take place within the frame of a specialized construction materials exhibition OCM, where practically all manufacturers of ceramic brick in Russia and CIS are represented. CERAMBRICKTECH presents a unique focus on your business objectives.

Combining thematic exhibitions within the premises of the same site provides professionals with a unique opportunity of expeditiously obtaining information on the entire range of equipment and technologies relevant to the ceramic industry.

The importance of such an event is bound, first and foremost, with the need of Russian and CIS companies in modern equipment for production, as well as modernization of existing enterprises.

Currently, brick manufacturers often face the necessity to update the enterprise machinery assets. The number of modern high technology brick factories in Russia and the CIS countries is not sufficient.

Therefore the emergence of the site to exchange the know-how, to showcase the latest achievements in equipment production and modernization of enterprises, will allow the industry professionals to be always aware of the latest innovations that are essential for making strategic decisions.

CERAMBRICKTECH framework will include conferences, round tables, and seminars on the most vital industry issues.

The exhibit display includes the following sections:

- ◆ Equipment for the production of ceramic bricks and tiles
- ◆ Raw materials, supplies, additives and chemicals
- ◆ Raw materials extraction and processing
- ◆ Metering and weighing systems
- ◆ Pressing, molding and casting, drying
- ◆ Burning and heat treatment plants
- ◆ Decoration, paint and glaze for ceramic bricks
- ◆ Measuring and monitoring, analysis and laboratory equipment
- ◆ Packaging, handling, storage and transportation

## Facts & Figures 2018

**15.000 VISITORS**

from **79 regions of Russia** and **19 foreign countries**

**87% OF TRADE VISITORS**

**9.000 m<sup>2</sup> EXHIBITION SPACE**

**230 EXHIBITORS**

from **19 Russian regions** as well as from Belarus, Belgium, Greece, Germany, Italy, Spain, France, Portugal, Turkey, Netherlands, UK

### EXHIBITORS:

- AR-SAN MAKINA • BERAMAR • BEDESCHI • CLEIA • CAPACCIOLI • COLOROBBA • CERATEC • CISMAR • SACMI • SABO • METALCERTIMA • MARCHELUZZO • MAK-SAN MAKINA • TECNOFILIERE • KELLER • EQUIPCERAMIC • FORGESTAL • LINCO BAXO • VERDES • VIS DOO • OFFICINE • SMAC • PETERSEN • PLINFA • HANDLE • ROTH • EIRICH • LINGL • OMS SYSTEMS • REFRATECHNIK • DE BOER • BONGIOANNI • MECTILES • ETC
